2020 VISION

Santa Clara is bisected by two major thoroughfares, and each reflects a different face of the City. San Tomas Expressway/ Montague Expressway runs north and south through residential neighborhoods and business parks built over the past 50+ years. The City is working with the County, which controls the expressway system, to beautify off ramps and overcrossings with fresh paint, fresh landscaping and colorful murals. El Camino Real is the historic east-west route. Several major developments are in planning stages to convert tired suburban shopping centers surrounded by large parking lots into dynamic urban commercial and residential properties that present a warm welcome at the sidewalk. Upgraded medians with new landscaping and spot lighting, mission style street lamps with softer lighting and flower baskets and lighted crosswalks are in the works to encourage traffic to slow down and make pedestrians and bicyclists feel safe.

Improving what is already great
