American Lighting is one of the oldest locally owned lighting contractors in the state of California. We specialize in projects that are eligible for the highest utility rebates and save the most energy dollars. We only provide lighting recommendations that are the most technically correct solutions. The products that we sell are evaluated by us, provide warranties from time tested manufactures and meet all utility standards. We are the proud recipient of countless awards, year after year from utilities where we have reduced more kWh than any other contractors.

LIGHTING CONTRACTORS (continued):

NEW LIGHT ENERGY DESIGN, INC.
'Better Light, Real Savings, Real Easy' is New Light Energy Design's motto.
465 Barneveld Ave.
San Francisco, CA 94124
Phone: 415-488-5267
Website: www.newlighted.com
Contact: Mark Williams
Email: info@newlighted.com

To evaluate your current lighting, our specialists check fixture-by-fixture, indoors and out, and provide free recommendations to 'get the lighting right'. Upgrades occur through fixture retrofits or fixture replacements using the newest in energy efficient lighting technology. NLED has completed more than 800 energy efficient lighting upgrades for commercial and multi-family residential customers in the SF Bay Area.

We make it easy for your business to improve facility lighting, become financially healthier, and do your part to benefit community and the environment. To request a free estimate call 415-488-5267, or email info@newlighted.com.
