

# Silicon Valley Power Multifamily Insulation Rebate Application

Beginning July 1, 2012 until funds are fully reserved or program is cancelled.

Rebates are available for the installation of qualified insulation in multifamily units within the City of Santa Clara. Rebates are \$175 per qualifying multi-family unit with attic space. Property owners or property managers, with the consent of property owners, of existing apartments may qualify if installation meets requirements and first come, first served funding is available for reservation. SVP customer, whether property owner or tenant, must be notified of installation and inspection.

## Qualifications and Requirements:

- Insulation must be installed above at least 50% of the conditioned living area of a residence receiving electricity in the City of Santa Clara from Silicon Valley Power.
- Insulation must meet a minimum insulation value of R-30 or greater.
- Remodels must meet a minimum insulation value of R-38.
- Metallic foil, radiant barrier, reflective, or foil insulation does not qualify.
- The \$175 per unit rebate offer is valid only to qualifying property owners of customer property for the purchase and installation after July 1, 2012 or until funds are fully reserved or run out.
- Offer is limited to one (1) rebate per multi-family unit with attic space.
- Projects will be inspected to verify installation of insulation prior to check issuance. Projects involving (10) or more units must be pre-approved by SVP prior to starting the project.
- Applicant (customer or property owner) must complete the applicant section and mail it with a copy of a receipt, invoice or contract for the attic insulation being installed to the address listed on the application form:

## Please Note:

- Insulation may be installed by customer or contractor.
- SVP recommends that applicants get bids from multiple contractors prior to beginning a project; however, all responsibility for finding a contractor, ensuring that a contractor is bonded and insured and checking contractor performance references is the applicant's responsibility.
- SVP disclaims any and all liability for any loss or damage which may arise as a result of the applicant's participation in this program and makes no expressed or implied representation or warranty that the installation of insulation will result in reduction of customer's electric utility bill.
- Projects that involve remodeling, tearing down walls, etc. will require a building permit. It is the applicant's responsibility to determined and meet any inspection and building requirements.
- All data on this application must be completed and, for rebate, mailed with a copy of the receipt or invoice/contract for the insulation in all units for which rebate is requested.
- Discrepancies can invalidate the reservation or rebate.
- Please allow 6-12 weeks from mailing the application to receive a rebate.
- If check is not received after 6 weeks, contact SVP at (408) 244-SAVE (7283).
- If a rebate is requested by a non-customer (i.e., property owner), customer/tenant must be notified of post installation inspection appointment.
- If a rebate is to be paid to vendor, owner must state that on application.
- Reservation request will be returned to customer with SVP approval if funding is available.
- SVP is not responsible for items lost in the mail, nor any remittance delayed due to incorrect rebate applications. In addition, SVP will retain no liability for contractor non-performance, late installation, difference between bid and final charges, incorrect installation, or any other charges.
