### Customer Agreement

- A. As a qualified Silicon Valley Power (SVP) Customer, I agree to indemnify the City of Santa Clara, its City Council, commissions, officers, employees, volunteers, Strategic Allies, and agents from any claim, injury, liability, loss, cost, and/or expense or damage, including all costs and reasonable attorney's fees in providing a defense to any claim arising from this Rebate.
- B. I certify that I will purchase and install the indicated energy saving equipment or implement the indicated energy efficiency measures during the current SVP program year. I will provide a copy of the itemized proof of purchase and installation.
- C. I agree to verification inspections by SVP representatives or its third party contractors of both the sales transaction and product or measure installation.
- D. I certify that the information provided on this rebate application is true and correct.
- E. I understand that the installed equipment or measures must be operational and producing energy savings for a minimum of five (5) years after the project is completed. If the equipment or measures are removed or otherwise not producing energy savings, I understand that I may have to return a prorated amount of the rebate funds received.
- F. I certify that I have not received any other rebates for the equipment or measures indicated on this rebate application.
- G. All pages of this Application are included in and are part of this Agreement. This Application embodies the entire agreement between SVP and the Customer.
- H. Silicon Valley Power's Public Benefit Programs operate under a July-June annual budget calendar. Rebate funding is limited by the annual budget. Rebate applications are accepted on a first come, first served basis until the rebate budget is expended.
- I. Customer is limited to receiving a maximum of \$500,000 of rebate funds in a single program year. This includes incentives received through all SVP programs.
- J. Customer is limited to receiving a maximum of \$500,000 of rebate funds for similar measures installed at a single facility (stand-alone building). This limitation applies for a period of five (5) years.

**I have read and understand this Application, including the Program Rules and Eligibility Requirements, and I agree with all of its provisions.**

# Silicon Valley Power 2014-2015 New Construction Rebate Application

## 1. Rebate Amount

Enter the annual energy use calculated by the Title 24 energy analysis computer program used to demonstrate compliance.

Energy Budget (annual kWh)	Building Energy Use (annual kWh)	kWh Savings	% Savings	Rebate Level	Total Rebate Amount
					\$

Building Status \_\_\_\_\_

- Building Status: Design Development - the building is in its design phase.
- Building Permit - the Building Department has approved plans & specifications.
- Occupancy Permit - the building is approved for occupancy.

**Incentive Table**

% Savings	Rebate Level (\$/kWh)
10%	\$0.15
11%	\$0.18
12%	\$0.21
13%	\$0.24
14%	\$0.27
15%	\$0.30
16%	\$0.33
17%	\$0.36
18%	\$0.39
19%	\$0.42
≥20%	\$0.45

## 2. Program Rules and Eligibility Requirements

General:

- 2.1. Rebates are available on a first come, first served basis until all program funds are expended.
- 2.2. All rebate applications must be pre-approved by SVP prior to installation of equipment. To help ensure the project meets all eligibility requirements, SVP recommends that project pre-approval be obtained by the customer before equipment selection is finalized.
- 2.3. SVP has the right to inspect the facility before and after the equipment is installed.
- 2.4. Equipment purchased for inventory or resale does not qualify for funding. Equipment must be new. Used and/or rebuilt equipment is not eligible.
- 2.5. Equipment must be installed and operating at the facility address listed on page 1.
- 2.6. Equipment technical specification sheets must be submitted.
- 2.7. Projects are to be completed within 6 months of the date of pre-approval. Projects requiring more time must submit a request for extension. This request will be approved or denied at SVP's discretion.
- 2.8. A post-installation inspection must occur within 1 month of the installation date.
- 2.9. Provide a detailed estimate of the incremental cost for the efficient design for SVP review and approval.

## Silicon Valley Power 2014-2015 New Construction Rebate Application

- 2.10. The rebate recipient will be responsible for any tax liability resulting from the rebate payment.
- 2.11. SVP will not reimburse taxes paid for a project.

### Technical Requirements:

- 2.12. Submit all Title 24 compliance report documentation. The building's energy budget and predicted energy use is calculated by a certified energy analysis computer program. A list of certified programs can be obtained from the CEC website:  
[http://www.energy.ca.gov/title24/2013standards/2013\\_computer\\_prog\\_list.html](http://www.energy.ca.gov/title24/2013standards/2013_computer_prog_list.html)
- 2.13. The building's energy use, as calculated by the energy analysis computer program, must be at least 10% less than the building's energy budget in order to be eligible for a rebate.
- 2.14. The building construction permit must be issued within 12 months of the rebate application submittal date in order to be eligible for a rebate.
- 2.15. Newly constructed nonresidential buildings and building additions requiring a building permit are eligible for a rebate.
- 2.16. The Approved Title 24 Certificate(s) of Compliance is defined as the Title-24 Certificate(s) of Compliance and all supporting compliance documentation submitted to and approved by the city building department.
- 2.17. New Construction rebates cannot be used in combination with standard equipment rebates.
- 2.18. Rebates are based on Title 24 compliance using the performance-based approach for all new construction projects greater than 25,000 square feet. If the project is less than 25,000 square feet or is a major renovation and the prescriptive approach is used to achieve compliance, it may still be eligible for a rebate. Contact SVP to determine your eligibility and potential rebate amount.
- 2.19. Rebates are processed after SVP has conducted a final inspection and all of the following documentation has been submitted to SVP. All required project documentation, including project incremental cost information, must be submitted within 60 days of the issuance of a certificate of occupancy.
  - A copy of all approved Title 24 Certificate(s) of Compliance.
  - Signed copies of all Installation Certificate forms.
  - Signed copies of all applicable Certificate of Acceptance forms.
  - Any other supporting documentation required by SVP.
