

SEWER CLEANOUT INSTALLATION REQUEST

Water & Sewer Utilities
1500 Warburton Ave.
Santa Clara, CA 95050

WHAT IS A SEWER CLEANOUT?

A City access point to the sewer service lateral, called a "cleanout" is located at the property line. Most homes built since the 1960's have installed these cleanouts. Some older homes may also have a cleanout. There are some older homes where the access point or cleanout does not exist. In these instances, you may have a private contractor install a cleanout or request that the City install a cleanout. There is a fee for the City to install a cleanout, which the homeowner is required to pay. To request the installation of a cleanout, please complete the form on the back. The completed form can be mailed to 1500 Warburton Ave, Santa Clara, CA 95050, or emailed to water@santaclaraca.gov, or faxed to (408) 247-0784.

ONCE INSTALLATION OF A SEWER CLEANOUT IS REQUESTED, OUR SEWER CREW WILL:

1. Locate the lateral from the home to the main, marking the area of installation.
2. Schedule the actual installation.
3. Inform the homeowner of completion.

Note: The City is NOT able to reimburse fees incurred by the homeowner who hires a private sewer service to install a cleanout.
